

North Kings GSA
Advisory Committee
Special Meeting
7-12-2022

AGENDA

1. Call to Order

- ▶ Special Teleconference Instructions
- ▶ Roll Call

SPECIAL NOTICE REGARDING PUBLIC PARTICIPATION DUE TO COVID-19

Given the meeting restrictions created to limit the spread of the COVID-19 virus, the NKGSA has transitioned to having its meeting via teleconference only including public participation and providing public comment for all NKGSA Advisory Committee meetings until notified otherwise. There will not be a physical location available for the public to participate in the meeting.

Written and Verbal Comments

Members of the public are encouraged to participate in the Advisory Committee and will have an opportunity to provide public comments during the meeting under Agenda Item No. 4 and following each agenda item discussion. No prior arrangements are required to be able to make public comment but comments are limited to three (3) minutes.

Written Comments can also be provided up to one hour prior to the scheduled meeting. Written comments received in advance of the meeting will be read onto the record during the public comment portion when the item is heard. Any portion of your comment extending past three (3) minutes may not be read aloud due to time restrictions but will be made part of the record of proceedings.

AGENDA

2. Discussion/Possible Action – NKGSA Resolution 22-12:
Resolution of the Advisory Committee of the North Kings
Groundwater Sustainability Agency – Resolution
Continuing Advisory Committee Authority to Hold Virtual
Meetings Pursuant to AB361

AGENDA

3. Public Presentation

4. Workgroup Updates and Actions

- ▶ a. Technical Workgroup Update (Claes/Chauhan)
 - ▶ i. Discussion and Possible Action – Consider Recommending Presentation and Approval of the Groundwater Sustainability Plan Revisions to the Board of Directors

GSP Revisions

- Board of Directors Approve Re-adoption of the NKGSA GSP with Revisions to Address DWR noted deficiencies at its June 23rd meeting.
- Additional Information from DWR Received – July 7th
- More Revisions Needed
 - Interconnected Surface Water – Initial Approach
 - Identified as data gap, particularly extent of area of potential impact
 - Reference and coordinate with SJR Restoration and King Fisheries Program

GSP Revisions

- More Revisions Needed
 - Interconnected Surface Water – Revised Approach
 - Must set SMCs for Interconnected Streams
 - Use Groundwater Levels as a Proxy for Interim SMCs for surface water-groundwater interconnection.
 - Proceed with study previously identified in GSP to gather additional data to replace the interim SMCs.

GSP Revisions

- More Revisions Needed
 - Interconnected Surface Water – Revised Approach

Data Gap Analysis

Overall, additional information is needed to better define the status of surface water-groundwater connection and the extent of surface water depletions, if any, in the GSA. As a result, the GSA has identified these as data gaps that must be researched before refined sustainable management criteria (SMC) can be developed to replace Interim SMCs. Chapter 6 includes the description of a project called “Interconnected Surface Water-Groundwater Data Gap Analysis.” This is a high priority project that will include the following primary tasks:

- New Section – Interim SMCs
 - Insert Attachment A

GSP Revisions

- ▶ Recommendation:

For the Advisory Committee to recommend to the Board of Directors readoption of the revised Groundwater Sustainability Plan with Revisions to address DWRs noted deficiencies at the July 13 Special Board Meeting.

5. Adjourn

Next Regular Meeting
August 12, 2022

Thank you for joining us for the NKGSA
Special Advisory Committee Meeting.
