North Kings Groundwater Sustainability Agency JPA

Regular Board Meeting
June 27, 2024

NORTH KINGS GROUNDWATER SUSTAINABILITY AGENCY

AGENDA

Call to Order

1. Call to Order
2. Pledge of Allegiance
   - Remote Participation Instructions

NORTH KINGS GROUNDWATER SUSTAINABILITY AGENCY

NORTH KINGS GROUNDWATER SUSTAINABILITY AGENCY

Written and Verbal Comments

Members of the public are encouraged to participate in the Board Meeting and will have an opportunity to provide public comments during the meeting under Agenda Item No. 5 and following each agenda item discussion. No prior arrangements are required to be able to make public comment but comments are limited to three (3) minutes.

Written Comments can also be provided up to one hour prior to the scheduled meeting. Written comments received in advance of the meeting will be read onto the record during the public comment portion when the item is heard. Any portion of your comment extending past three (3) minutes may not be read aloud due to time restrictions but will be made part of the record of proceedings.

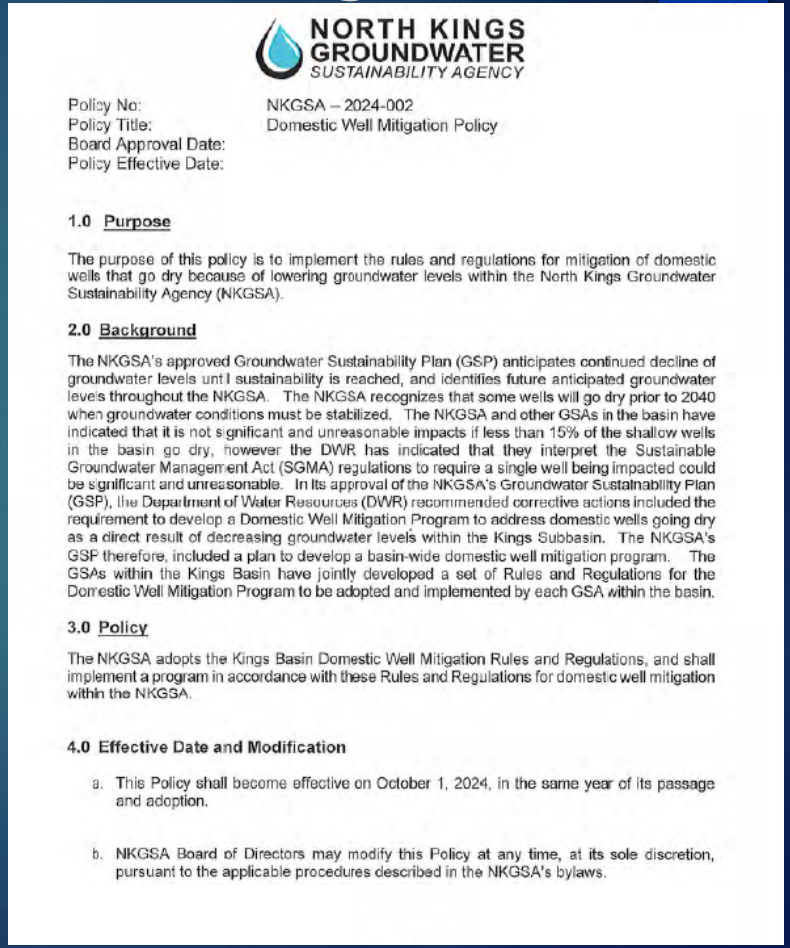
- Approval of the NKGSA 2024-02 Domestic Well Mitigation Policy
- Approval of the Kings Basin Domestic Well Mitigation Program Rules and Regulations – April 2024

8e. Domestic Well Mitigation Program

- NKGSA Policy 2024-002 Domestic Well Mitigation Program
  - Purpose: To implement the rules and regulations for mitigation of domestic wells that go dry because of lowering of groundwater levels within the NKGSA.



NORTH KINGS GROUNDWATER SUSTAINABILITY AGENCY

Policy No: NKGSA – 2024-002
Policy Title: Domestic Well Mitigation Policy
Board Approval Date:
Policy Effective Date:

1.0 Purpose

The purpose of this policy is to implement the rules and regulations for mitigation of domestic wells that go dry because of lowering groundwater levels within the North Kings Groundwater Sustainability Agency (NKGSA).

2.0 Background

The NKGSA's approved Groundwater Sustainability Plan (GSP) anticipates continued decline of groundwater levels until sustainability is reached, and identifies future anticipated groundwater levels throughout the NKGSA. The NKGSA recognizes that some wells will go dry prior to 2040 when groundwater conditions must be stabilized. The NKGSA and other GSAs in the basin have indicated that it is not significant and unreasonable impacts if less than 15% of the shallow wells in the basin go dry, however the DWR has indicated that they interpret the Sustainable Groundwater Management Act (SGMA) regulations to require a single well being impacted could be significant and unreasonable. In its approval of the NKGSA's Groundwater Sustainability Plan (GSP), the Department of Water Resources (DWR) recommended corrective actions included the requirement to develop a Domestic Well Mitigation Program to address domestic wells going dry as a direct result of decreasing groundwater levels within the Kings Subbasin. The NKGSA's GSP therefore, included a plan to develop a basin-wide domestic well mitigation program. The GSAs within the Kings Basin have jointly developed a set of Rules and Regulations for the Domestic Well Mitigation Program to be adopted and implemented by each GSA within the basin.

3.0 Policy

The NKGSA adopts the Kings Basin Domestic Well Mitigation Rules and Regulations, and shall implement a program in accordance with these Rules and Regulations for domestic well mitigation within the NKGSA.

4.0 Effective Date and Modification

a. This Policy shall become effective on October 1, 2024, in the same year of its passage and adoption.

b. NKGSA Board of Directors may modify this Policy at any time, at its sole discretion, pursuant to the applicable procedures described in the NKGSA's bylaws.

AGENDA

8.e NKGSA Policy 2024-002

- Recommendation: Approval of NKGSA Policy 2024-002 Domestic Well Mitigation Policy.

8f. Domestic Well Mitigation Program Rules and Regulations

- Kings Basin Completed Draft Guidelines and Rules and Regulations – April 2024
- GSAs to Adopt Policy, Rules and Regulations and Commit Funding to First Year Implementation – May-July 2024
- Secure Admin Support contract, vendor contracts – August – September 2024
- Program Begins – October 1, 2024

8f. Domestic Well Mitigation Program

- Rules and Regulations:
  - Eligibility
  - Process
  - Cost-Share
